Worksheet 3, Scientific Communication

Neudata Consulting Ltd · Version 1.0, November 2026

Write one full-sentence headline for each card, then sketch the evidence under it. Six cards is a device for today, not a rule for your talk. Do not design slides yet.

1 Problem and question	2 What we did
3 Main finding	4 Limit or second finding
5 What it means	6 Conclusion or recommendation

Title test. Read your headlines aloud in order. Do they tell the story without slides? Which card would you cut if you had half the time?
